WORK EXPERIENCE

Royal Hair Wigs — *Creative Lead & Web Developer / Growth Partner*
Oct 2024 – Present | Rajshahi, Bangladesh & International Markets (Dubai, USA, Italy)

- **Client Outreach & Growth:** Directed multi-channel digital client acquisition and commercial video campaigns, generating high-intent wholesale buyer pipelines across Dubai, the USA, and Italy.
- **Process Automation:** Engineered automated WhatsApp API lead capture workflows and optimized digital product showcases, accelerating inquiry response times and improving customer conversion.

Freelance Full-Stack & Shopify Developer — *Self-Employed*
2024 – Present | Remote (Serving Clients in UK, Europe & Asia)

- **Storefront & Web Delivery:** Architected custom high-converting Shopify storefronts using bespoke Liquid sections, custom cart drawers, and engineered sub-second responsive React web platforms.
- **GMC Recovery & Compliance:** Diagnosed and rectified Google Merchant Center policy violations (Misrepresentation), successfully restoring suspended retail product feeds to full approval.

EDUCATION

Bachelor of Science in Computer Science & Engineering (B.Sc. in CSE)
Varendra University, Rajshahi, Bangladesh | 2022 – 2026 (Final Year)

- **Core Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Systems (SQL), Software Engineering, Web Engineering, and Computer Networks.

SELECTED PROJECTS

01. RoyLux – Premium E-Commerce Website (Web Development)

Tech: React, Vite, Tailwind CSS, Lucide Icons | Live Demo: roylux-ecommerce.vercel.app

- **Purpose & Highlights:** Architected a luxury fashion e-commerce storefront with categorized collections, product detail pages, and seamless checkout supporting Cash on Delivery (COD) and online card payment simulation.

02. Safdarabad Gym Khan'a – Full-Stack Gym Management System (Web Development)

Tech: Full-Stack Web, Member Auth, Management Workflows | Live Website: sfdgymkhana.com

- **Purpose & Highlights:** Engineered a complete gym operations platform featuring online membership enrollment, secure member accounts, recurring fee payment status tracking, and direct WhatsApp admin inquiry triggers.

03. ModeFlo – Minimalist Fashion Storefront (Shopify Development)

Tech: Shopify Theme Customization, Liquid, Cart Drawer | Case Study: mominofficial.me/works/modeflo

- **Purpose & Highlights:** Crafted a high-converting bespoke Shopify fashion storefront with custom Liquid sections, slide-out quick-add cart drawer, editorial typography, and trust badge integrations.

04. Fair Prices – AI Market & Grocery Budgeting App (Mobile & AI App)

Tech: React, Vite, Google Gemini AI API, Tailwind CSS | Live Demo: fairprices.vercel.app | *GitHub:* github.com/mominofficial1/Fair-Prices

- **Purpose & Highlights:** Civic commodity monitor comparing daily grocery prices with government benchmark rates, featuring Google Gemini AI for smart budget advice and market price disparity detection.

05. Terra Farm – NASA Space Apps Challenge 2025 (Creative & Content)

Tech: NASA Telemetry, Adobe After Effects, Storyboarding | Case Study: mominofficial.me/works/terra-farm-nasa

- **Purpose & Highlights:** National 2nd Runner Up platform combining NASA planetary datasets, narrative storyboarding, and motion graphics to solve agricultural climate adaptation challenges.

HONORS & AWARDS

NASA Space Apps Challenge 2025 — 2nd Runner Up & Global Nominee

National Stage, Bangladesh (2025) | Organized by NASA Space Apps Challenge

- **Achievement Summary:** Secured 2nd Runner Up nationally and nominated for global judging out of hundreds of engineering teams for developing an innovative Earth-observation data visualization application under 48-hour sprint constraints.

PROFESSIONAL STRENGTHS & HIGHLIGHTS

- **Full Lifecycle Engineering:** Experienced in the complete development lifecycle from requirements discovery, database schema design, and modular UI engineering to production deployment on Vercel and GitHub.
- **Growth, SMM & Conversion UX:** Proven expertise combining custom Shopify architecture, Google Merchant Center compliance, commercial video production, and social media management for business revenue growth.
- **Performance & Accessibility:** Dedicated to 95+ Core Web Vitals optimization, mobile-first touch optimization, accessible semantic HTML, and conversion-focused user journeys.
